Player App How to Guide

Introduction

As part of the Allstate Sueño Alianza National Showcase we are inviting all players to download the aiScout app and complete the trial for a chance to be invited to the National Showcase. aiScout is a talent ID platform that uses AI technology to analyse, assess and score a player's ability using a mobile phone. To move forward with the sign-up process, players must download the aiScout App (for free) and complete the drills within the app.

This process is simple – all you need to do is follow this How-to Guide, which will provide you with a step-by-step guide on what to do. To ensure that you achieve the highest possible scores, it is crucial that you read through this document thoroughly.

If you have any questions, contact us on playersupport@ai.io

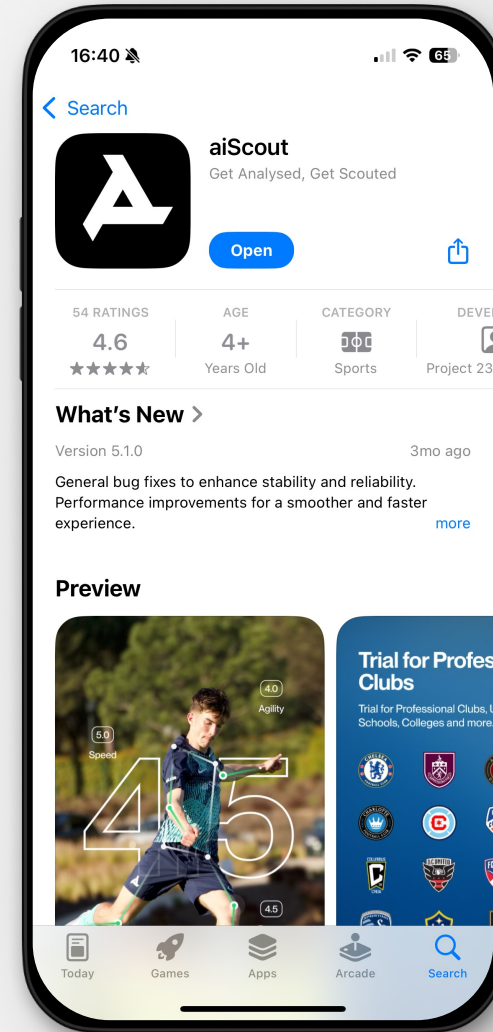

Step 1: Download the aiScout app

Open your App Store (iOS or Android)

Search for “*aiScout*”

Press download

Make sure you have downloaded the correct aiScout App (*black & white logo*)

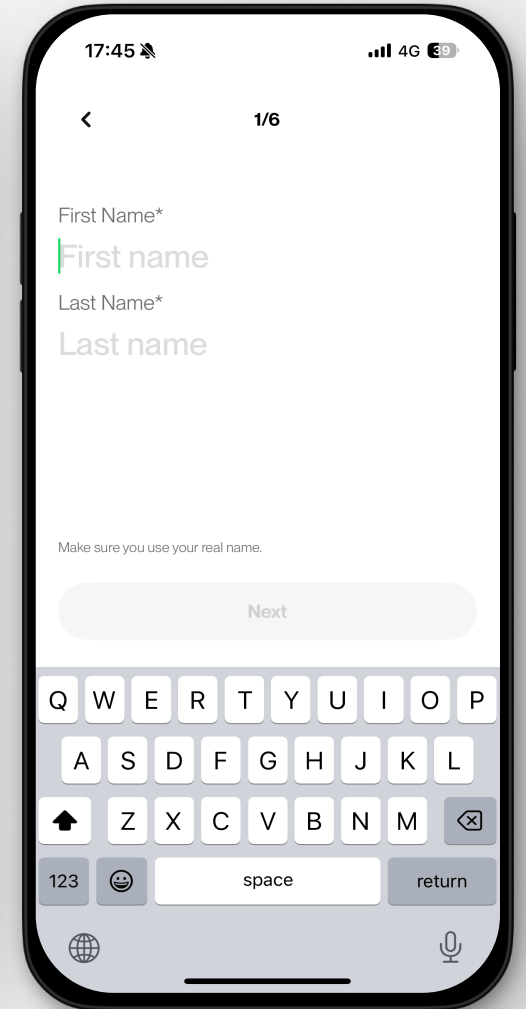

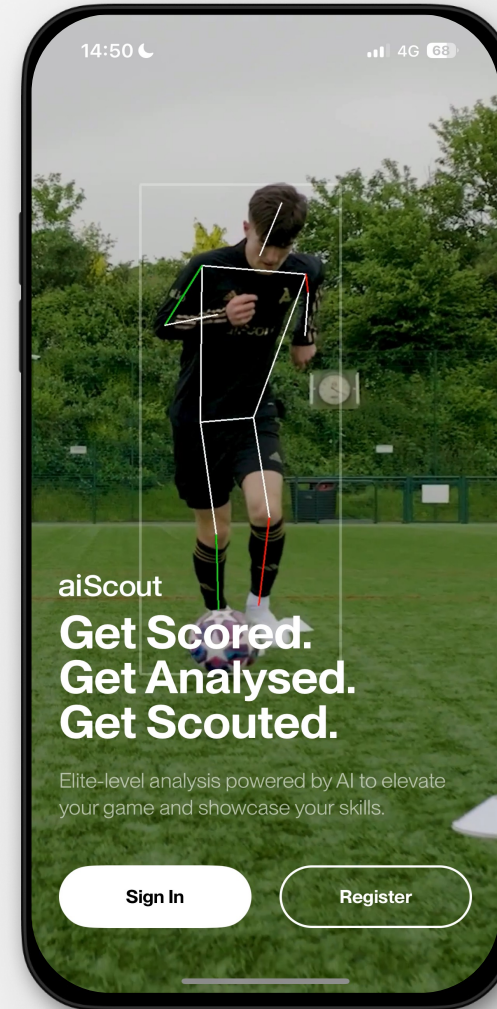

Step 2: Register on aiScout Player App

Open the app and click on Register

Complete the registration by filling out the following:

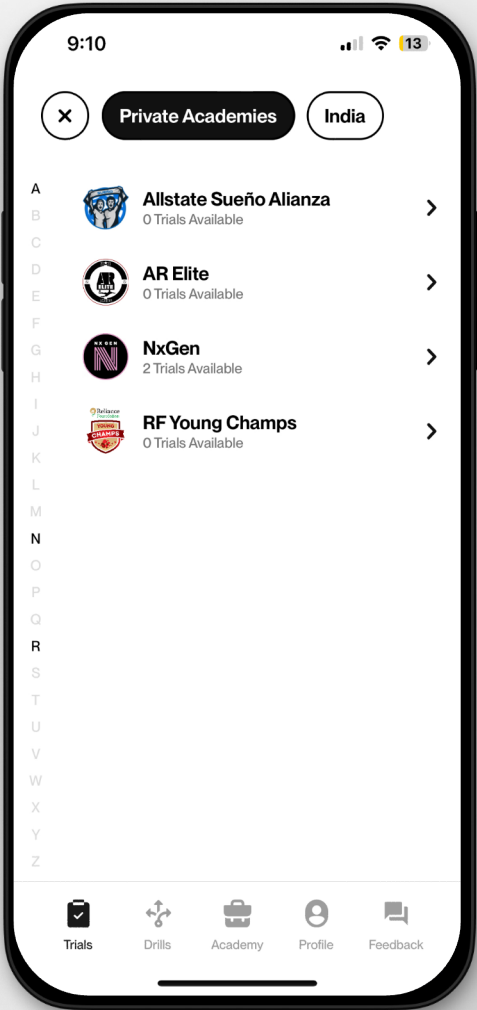

- First Name & Last Name
- E-mail Address
- Password
- Opportunities you are interested in
- Where do you live?
- Date of birth

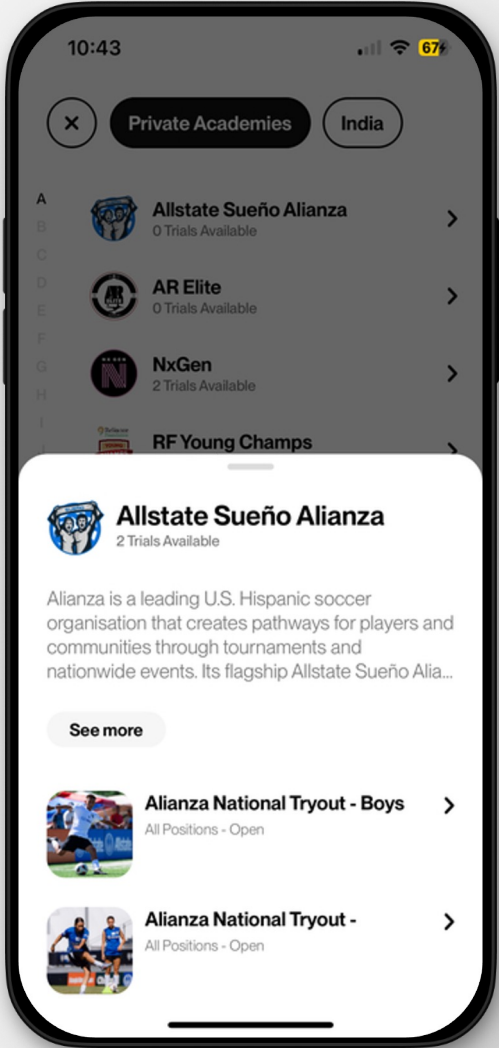

Step 3: Navigating to the Trial

On the main trial page, click on the “Private Academies” button on the top left.

Scroll down to find “Alianza” in the list and tap on it.

Step 4: Select the Trial

Step 5: Alianza Trial

Once you have clicked into the Alianza page, you will find a brief description of the Trial.

As you scroll down, you will see the 9 drills that you will need to complete.

You have 5 *athletic* & 4 *technical drills* to complete

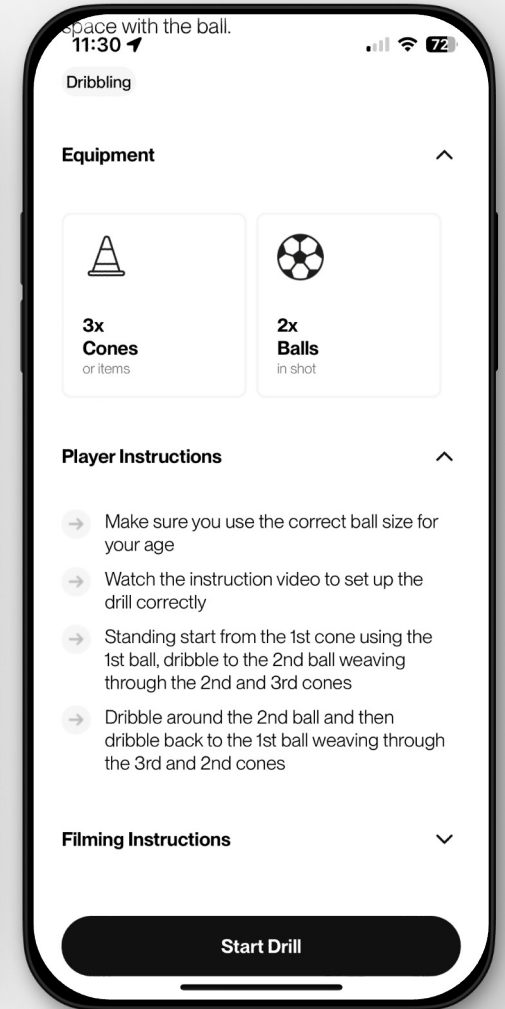

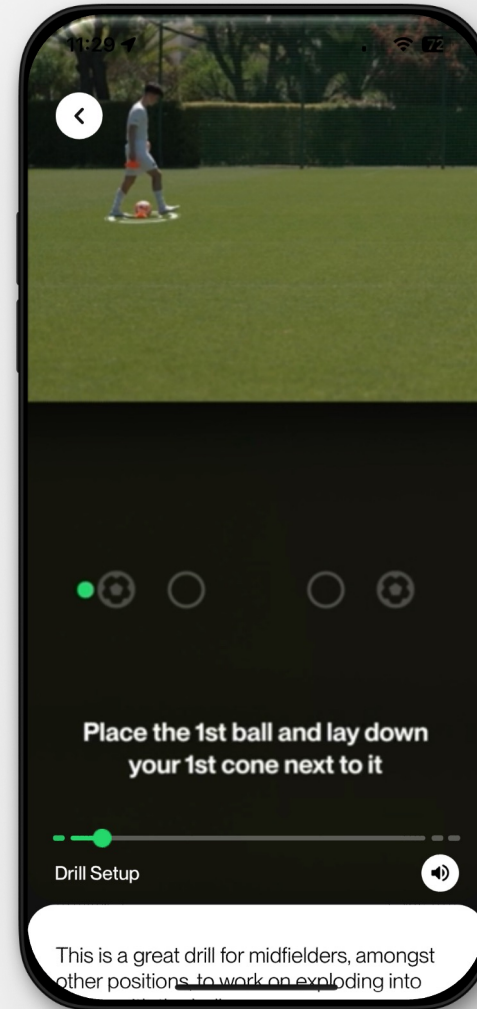

Step 6: Instructional Videos & Instructions

Before you attempt to complete a drill, *watch the instructional video* end to end.

For each drill, you will watch a unique video that explains how to set the drill up, how to film it and how to complete it.

The same instructions are also provided in a written format.

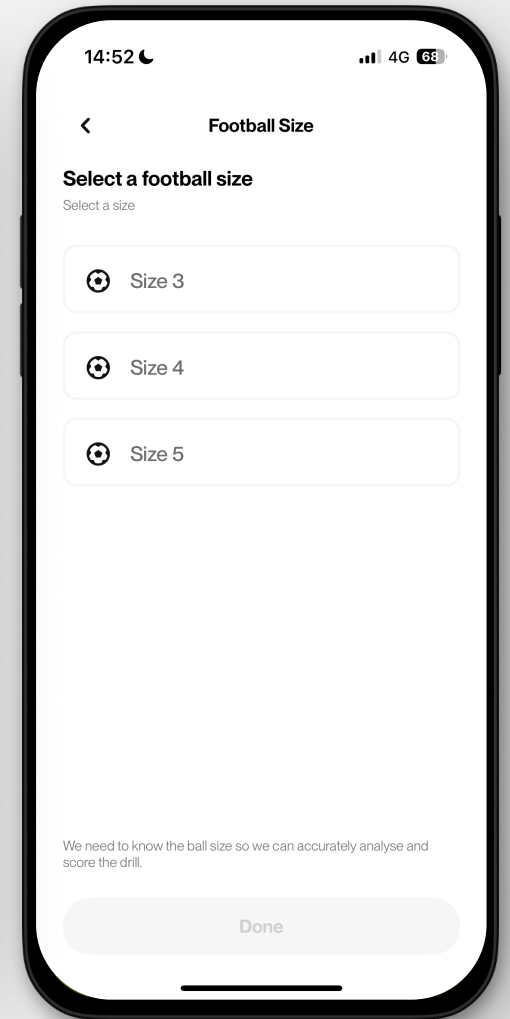

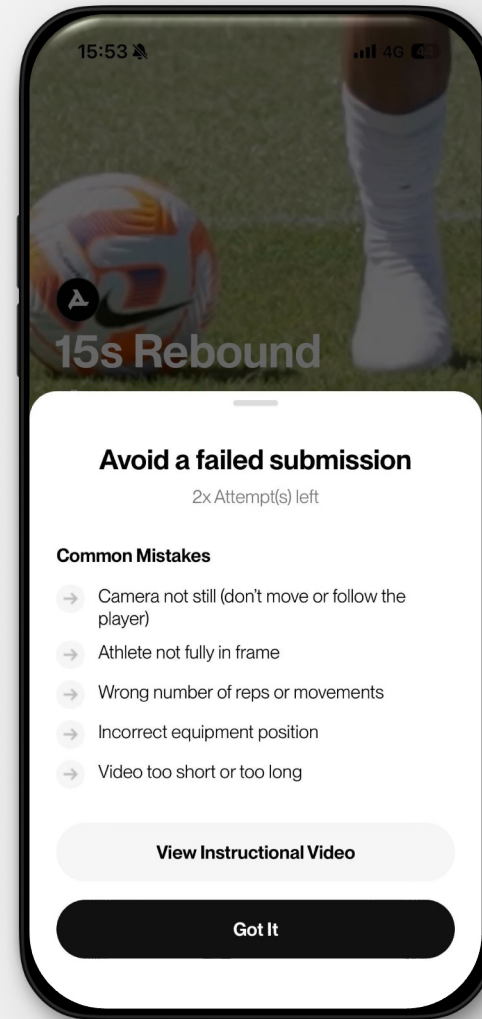

Step 7: Complete your drill attempts

Once you have watched the instructional videos, press "*Start Drill*".

You have two attempts per drill.

Make sure you select the ball size you are using to complete the drills.

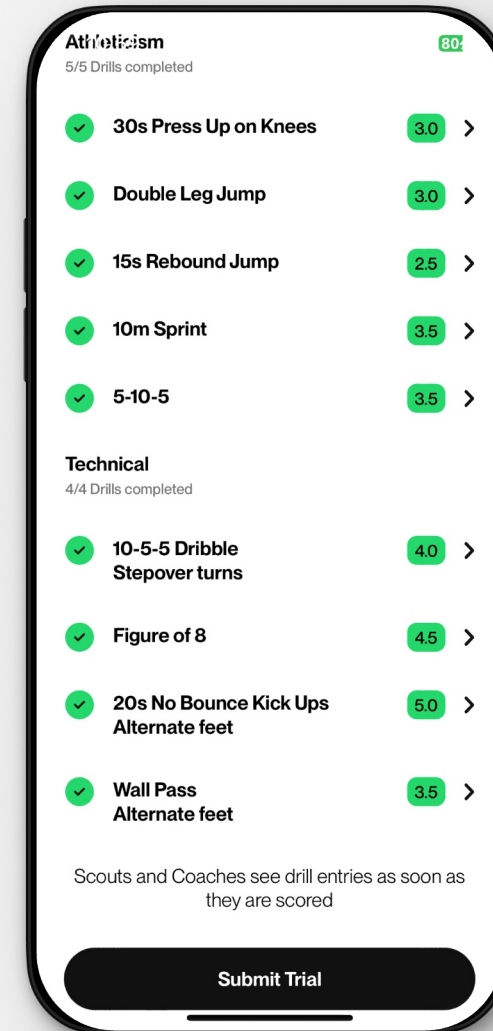

Step 8: Submit Trial

This is what your trial should look like once you have successfully completed all the drills.

If your drill attempt failed, you will have the opportunity to resubmit your attempt until it's all correct and you receive a score.

Once you have your scores back, select *"Submit Trial"*:

Helpful Tips

First and foremost, always watch each instructional video to make sure you know how to set the drill up and complete it accurately.

Make sure you are as accurate with measuring out distances as possible, if you can, use a tape measure. (Distances on the app are in meters not yards)

If you fail a drill, don't worry, you will see the reason why it was failed to allow you to complete it accurately.

Make sure you warm up before attempting the drills to give yourself the best chance of scoring high.
